

PEDAYAK DUO

NEW

2 PEDAYAK IN CATAMARAN

Two **PEDAYAK** are assembled together in a catamaran with a trampoline structure, solidly screwed in special housings. Therefore **two persons are pedaling** on the **PEDAYAK DUO**. It offers you a comfortable space that can accommodate up to **3 extra people**, allowing you to sunbathe away from the beach, dive, swim, picnic, or take camping or diving equipment with you.

The **PEDAYAK DUO** is a device that allows both **beachside leisure** activities and navigation of the **raid and excursion** type, further away from the coast, in complete safety.

With one or two rigs, it becomes a very **pleasant sailing boat**, always flat and running straight, even in gusts of wind. The rigging, which is not guyed, can be assembled or disassembled, even at sea, in 2 minutes.

Features

Unsinkable self-emptying hulls in rotomoulded polyethylene "sit on top" type.

Length x width: 360 x 286 cm

Weight : 90 kg

Floatability : 858 liters

Maximum recommended load : 350 kg

Maximum recommended users : 5

Sailing category : D

Certification and marking CE

KEY ADVANTAGES :

All the advantages of **PEDAYAK :**

- « Hands free » : allows for fishing, strolling, sailing, photo, video, telephone, binoculars observation, etc.
- Can beach : propeller and rudder are protected by 2 keels, go in very shallow areas (35 cm draught).
- Go reverse by back-peddalling, manoeuvring thanks to its rudder located behind the propeller. It turns on the spot by differentiating between the two drives (e.g. forwards to the right, backwards to the left).
- Unsinkable, sea proven. Silent. Comfortable with its ergonomic backrest.
- Environment friendly : No CO² emission, silent, 100% recyclable components.
- Storage compartments for GPS, bottles and cans, bottle holder, front and rear storage bins.
- More than 10 accessories available for fishing, sailing, raid, tourism.

Additional advantages of the **PEDAYAK DUO :**

- Can accommodate three extra passengers.
- Very stable, especially when sailing.
- Accessible to disabled people.
- Modular : can be fitted with one or two **SAILS**, can be assembled in two **PEDAYAK** (by dismantling the in-between structure), in **PEDAYAK PRAO** or **TRIO** (by assembling one or two side floats in place of the second **PEDAYAK**), **ELECTRIC** (electric drives), making it possible to adapt to different uses: strolling with children, diving, excursions, bivouacs, etc.

Strolling, excursions

Swimming and sunbathing

Diving

Sailing with one or two sails

Steering control stick and tiller: right or left direction

Propeller and rudder
